SERVICES & OFFERINGS

Custom Wire Harness Fabrication / Assembly

- Complex wire harness fabrication and assembly
- UPS repair and preventive maintenance
- Prototype production and testing
- Engineering drawings
- Troubleshooting and repair capabilities
- Coaxial cable
- Plug wires per pinout and labeling requirements
- Soldering
- Cable terminations / connectors
- Strip and crimp wires
- Splicing
- Closing connectors
- Adhering to quality standards

CAPABILITY STATEMENT

Black Lotus Industries, LLC specializes in the manufacturing of high-reliability wire harnesses and cable assemblies for the aerospace, Department of Defense (DoD), Department of Energy (DOE), and commercial sectors. We produce assemblies that meet IPC standards and are supported by a Quality Management System aligned with ISO 9001 and AS9100D requirements. In addition to manufacturing, we provide UPS system repair and maintenance services, including battery, capacitor, and fan replacement, diagnostics, and performance optimization. Our technicians are DOE-certified energized electrical workers and trained in Lockout/Tagout (LOTO) procedures, ensuring safe and compliant service delivery in mission-critical environments. With over 20 years of combined experience in aerospace, defense, and energy sectors, our team is committed to delivering precision, quality, and performance in every product and service we provide.

NAICS

334419: Other Electronic Component Manufacturing

334417: Electronic Connector Manufacturing

335931: Current-Carrying Wiring Device Manufacturing

332618: Cable, non-insulated wire, made from purchased wire

335999: All Other Miscellaneous Electrical Equipment and Component Manufacturing
